Chapter 1 by SAMUEL FELIX

Breaking News

Reporter- "This is a warning for all citizens. If you plan on going out tonight make sure to lock up everything. There is a dangerous serial killer lurking around that is invading people's home and kill them once they return"

"Man there's a lot of crazy people nowadays."

I walked down the same path I go every day. It seems to never change. My name is Seth and currently, I'm unemployed. That might sound like a bad thing, but to be honest I enjoy being my own man since I don't have to be yelled at every day by my superiors. I'll eventually need to get another job since my rent will be due at the end of this week. That's probably why my legs hurt walking all day looking for another god damn job.

Lights cigarette

It's almost night and I still couldn't find a job. If my dead parents saw the current state I was in they would flip in their graves. I can remember the day they both died, but I felt nothing for them. Growing up, they hired tutors and sent me to prestigious schools. They expected so much from me, that's when I found out how far they would go to make me successful. I got a B in one

of my classes they beat the living shit out of me and this was continuous. So any person can see why I was glad when they died.

Time to get some grub I guess. I found the closest vending machine and looked at what I could get. I wasn't sure what I wanted so I put some money in, closed my eyes and clicked a random button.

Thunk

I open my eyes and the fucking treat got caught on the pushing mechanism and the glass.

"Fucking every time, I swear this happens every goddamn time"

"There we go"

I walked down the street towards my apartment. The lights lit up the path like they usually do. The apartment I lived in was a shit hole, but it was my shit hole I guess. I walked up the stairs and unlocked my door.

Turn lights on (Doesn't work)

"Shit, I forgot to pay the electric bill again."

Deep exhale

"Well, good thing I got candles."

I light a few candles and saw glass shattered on the floor from the window.

"This day just keeps on getting better"

Female voice-"It sure does" **Giggle**

I tried to turn around, but she stabbed me in the back several times and everything went black.

Am I dead now? Well, this sucks. I wonder who will handle my funeral since I have no relatives. I hope the police, at least, find my body before it rots. I want to be presentable for the priest you know. Wow, I just died and I don't give a shit. At least, I don't have to pay rent no more and I don't have to worry about a job since I'm in the afterlife now.

Whispering Voice-"Do you regret the way you lived life"

"Kinda, wish it was more exciting"

Whispering Voice- "If that is what you want let me help you"

Bright Light Appears

"What is this "

Whispering Voice- "This is your new life"
